NOTICES AND AMENDMENTS BY LINE OF ROUTE – Continued**MD101 EUSTON TO ARMITAGE JUNCTION (EXCLUSIVE) – Continued******BUSHEY PLATFORM 6****FROM MONDAY 04 JULY 2022 UNTIL SUNDAY 06 JULY 2025**

A 3-year trial is being carried out by West Midlands Trains utilising train accommodated signs on Platform 6 (Up Slow platform). The signs relate to Class 350 12-car units ONLY.

The trial will try and reduce the number of stop short, door released incidents.

The signs are aligned with cabs 2,3,4 and 5.

They are intended as a guide for the senior conductor to assist in ensuring that the train is fully accommodated in the platform. This is in addition to the normal process for door release when a train arrives at the station.

Cab 2 Class 350 12 car	Cab 3 Class 350 12 car	Cab 4 Class 350 12 car	Cab 5 Class 350 12 car
-------------------------------------	-------------------------------------	-------------------------------------	-------------------------------------

Methodology:

To assist with identifying that your train is safely accommodated in the platform you should operate the door controls from non-Driving cab 2,3,4 or 5.

Before arriving at the platform identify which cab you are working from, the on-train information screens can be used to identify which carriage you are in, if needed.

On arrival at the platform check that the cab you are working from is aligned with the relevant sign on the platform.

If it is, release the cab door, step onto the platform, and ensure that it is safe to release the doors. If safe, release the doors and carry out platform duties as normal.

If the cab is not aligned with the relevant sign, you must not release the doors. Contact the driver to establish the reason for stopping in the incorrect position and come to a clear understanding as to how to rectify the situation.

THIS DOES NOT NEGATE THE NEED TO STEP DOWN FROM THE CAB AND CARRY OUT SAFETY CHECKS BEFORE RELEASING THE DOORS

MISCELLANEOUS INSTRUCTIONS – Continued**WEED SPRAYING TRAINS ARE IN OPERATION**

In 2025 multi-purpose vehicles (MPVs) and Envu (previously Bayer) trains will be delivering the national train-borne weed spray programme.

If any staff are on or near the line when a Weed Control Train approaches, they should take the following action:

- On the approach of the Weed Control Train staff must acknowledge and move to a position of safety
- Remain in the position of safety; **Make themselves visible** to the Weed Control Train. If the spray operators can see anyone who is working in the vicinity, they will suspend spraying as they pass the site.
- Staff should not 'hide' behind bushes in an attempt to avoid being sprayed. In such cases the spray operators may not see staff and the spray jets are specifically designed to penetrate bushes.

The herbicides deployed by the Weed Control Train are biodegradable, non-irritant and non-harmful at the low concentrations used. In the unlikely event that staff are sprayed accidentally it is recommended that they take the following actions:

- If the eyes have been sprayed, rinse immediately with clean, water for 15 minutes and obtain medical aid if any discomfort is felt thereafter.
- Rinse any exposed skin with clean water and wash with soap and water afterwards.
- Avoid eating, drinking, or smoking until this procedure has been carried out.
- Change any sprayed clothing at the earliest convenient time and retain in a plastic bag for collection.
- Report the incident to the Route Operations Control.
- Should any member of staff be sprayed they may obtain advice from SCO 24:7 Seasonal Controller 01908 723500 (Option 8)
- If you have any medical concerns, please call the non-emergency NHS number – 111.

Should any member of staff require any further information or advice please contact:

SCO 24:7 Seasonal Controller 01908 723500 (Option 8)
