As part of the upcoming drainage works at Grosvenor River Bridge (located between 0m1298y and 0m1612y on the VTB1) there will be some changes in surroundings that drivers need to be aware of.

From 08:00 on Tuesday 19th September 2025 until 18:00 on Thursday 5th February 2026 drainage pot remedial works will be undertaken and as part of this the team will be erecting a Haki staircase to the north abutment of the bridge.

This staircase will be visible above the parapet wall and is a potential source of distraction to drivers passing through the area on the adjacent lines.

The staircase will be positioned adjacent to the Brighton Reversible line at approximately 0m1563y.

When passing through this location drivers may also see operatives on the staircase carrying out work under an ALO plan (hand tools only). This work or the presence of this staircase will not impact signal sighting.
