SECTION A - TEMPORARY SPEED RESTRICTIONS

(Until further notice unless otherwise specified)

Warning Boards and Indicators provided unless otherwise shown.

† Indicates that the Warning Boards and Indicators will be moved as the work progresses. Where two speeds are shown for a restriction e.g. 20 the Rule Book Module SP, Section 4.3, (differential speed restrictions) applies.

------------------	--	----------------	---	-----	------	-----	------	--------------	---

SECTION B - ENGINEERING ARRANGEMENTS.

At or Between	Lines Affected	Remarks
---------------	----------------	---------

Normally, signals are used to mark possession protection limits. Where points have to be used, this will be signified by the suffix "pts".

Detonator protection for possessions arranged under Rule Book Module T3 must normally be placed at 400 metres beyond the protecting signal (or points or through crossings beyond the protecting signal) at the start of the possession and 400 metres on the approach to the signal (or points or through crossings) at the exit from the possession. Where this distance cannot be obtained, the detonator protection must be placed at the greatest distance possible from the signal (or points or through crossings) concerned.

Where detonator protection has to be placed at less than the required 400 metres beyond the possession protecting signal (or points or through crossings) at the start of the possession or protection has to be placed at less than the required 400 metres on the approach to the signal (or points or through crossings) beyond the possession, then this will be indicated by a # symbol following the signal or points number quoted in the PROTECTION LIMITS.

SECTION D – GENERAL INSTRUCTIONS AND NOTICES

** Items marked thus will not appear in future issues and a note must be taken of them by all concerned

A thick vertical line denotes new or amended items

AMENDMENTS TO OPERATING PUBLICATIONS – Continued**NOTICES & AMENDMENTS BY LINE OF ROUTE CODE****SW100 WATERLOO TO CLAPHAM JUNCTION/LINFORD STREET****LAMBETH ROAD STRUCTURE 1/A13**

FROM 06:00 MONDAY 6TH JULY 2026 UNTIL 15:00 MONDAY 30TH NOVEMBER 2026

As part of the upcoming repair and strengthening works taking place on Lambeth Road structure (located at 0m1080y on the BML1 line) there will be a number of changes in the surroundings over the upcoming months. From 06:00 on Monday 6th July, there will be a scaffold birdcage installed on the underside of the structure at 0m1080y. Following the birdcage installation, there will be the installation of a top lift within the period stated above which will be installed under a line blockage. Some of the features of this scaffold including the top lift will be visible to drivers above the parapet wall so prior notice is being provided.

There will be no impact to signal sighting because of this work.

(D23931) (07/07/2026) (35)

SO250 BATTERSEA PIER JN TO WILLESSEN WEST LONDON JN

(BEEN REQUESTED TO BE PUBLISHED IN WESSEX WON)

FACTORY LANE BRIDGE

FROM 0250 MONDAY 22 JUNE 2026 UNTIL 0315 MONDAY 07 JUNE 2027

As part of the upcoming refurbishment and strengthening works at Factory Lane bridge (structure 341 located at 0m484y on the FLL1 and 7m00y on the ATL line) there will be some changes in surroundings that drivers need to be aware of.

From 02:50 on 22nd June 2026 until 03:15 on 7th June 2027 there will be access stairs and a suspended crash deck present on the structure that will be visible to drivers on the FLL lines above the parapet wall. This will be installed during possession hours in Week 12. The access stairs and crash deck are static structures that may present a source of distraction to drivers passing over the structure on the adjacent lines.

There is no planned ALO working during this period so drivers just need to be aware of the change in environment once these features are installed. These changes will have no impact on signal sighting and no operatives will be present on the scaffold outside of possession hours.

SECTION D – GENERAL INSTRUCTIONS AND NOTICES

** Items marked thus will not appear in future issues and a note must be taken of them by all concerned
A thick vertical line denotes new or amended items

MISCELLANEOUS INSTRUCTIONS – Continued**WEED SPRAYING TRAINS IN OPERATION****FROM MONDAY 9 MARCH 2026 UNTIL MONDAY 31 AUGUST 2026**

In 2026 multi-purpose vehicles (MPVs) and Envu (previously Bayer) trains will be delivering the national train-borne weed spray programme.

If any staff are on or near the line when a Weed Control Train approaches, they should take the following action:

- On the approach of the Weed Control Train staff must acknowledge and move to a position of safety
- Remain in the position of safety; **Make themselves visible** to the Weed Control Train. If the spray operators can see anyone who is working in the vicinity, they will suspend spraying as they pass the site.
- Staff should not 'hide' behind bushes in an attempt to avoid being sprayed. In such cases the spray operators may not see staff and the spray jets are specifically designed to penetrate bushes.

The herbicides deployed by the Weed Control Train are biodegradable, non-irritant and non-harmful at the low concentrations used. In the unlikely event that staff are sprayed accidentally it is recommended that they take the following actions:

- If the eyes have been sprayed, rinse immediately with clean, water for 15 minutes and obtain medical aid if any discomfort is felt thereafter.
- Rinse any exposed skin with clean water and wash with soap and water afterwards.
- Avoid eating, drinking, or smoking until this procedure has been carried out.
- Change any sprayed clothing at the earliest convenient time and retain in a plastic bag for collection.
- Report the incident to the Route Operations Control.
- Should any member of staff be sprayed they may obtain advice from SCO 24:7 Seasonal Controller 01908 723500 (Option 8)
- If you have any medical concerns, please call the non-emergency NHS number – 111.

Should any member of staff require any further information or advice please contact:

SCO 24:7 Seasonal Controller 01908 723500 (Option 8)

DISCONNECTION NOTICE

**

DISCONNECTION SUMMARY					
Start date	02/08/2026	Start time:	01:00		
Finish date	02/08/2026	Finish Time:	04:00		
Site contacts	DARREN DAVIES	Phone numbers	07710938507		
Location	Three Bridges NTBC GSM-R BSC11				
Purpose of disconnection / Nature of work to be carried out	Emergency work to be done on the GSMR BSC network which will cause disruption to GSMR calls.				
	Reason/Justification:				
	To avoid uncontrolled BSC restarts, a controlled reset of BSC is needed before the timer reaches 994 days.				
	Impact The cells below will drop any calls in progress during restart. Outage will be for around 30-60 minutes between 01:30 am and 05:00am .				
	This will NOT affect SPT calls.				
	Suggested action: Try to re-establish the call once the upgrade is complete.				
Below you will see the cells that will be affected:
