SECTION B - ENGINEERING ARRANGEMENTS.

At or Between	Lines Affected	Remarks
---------------	----------------	---------

Normally, signals are used to mark possession protection limits. Where points have to be used, this will be signified by the suffix "pts".

Detonator protection for possessions arranged under Rule Book Module T3 must normally be placed at 400 metres beyond the protecting signal (or points or through crossings beyond the protecting signal) at the start of the possession and 400 metres on the approach to the signal (or points or through crossings) at the exit from the possession. Where this distance cannot be obtained, the detonator protection must be placed at the greatest distance possible from the signal (or points or through crossings) concerned.

Where detonator protection has to be placed at less than the required 400 metres beyond the possession protecting signal (or points or through crossings) at the start of the possession or protection has to be placed at less than the required 400 metres on the approach to the signal (or points or through crossings) beyond the possession, then this will be indicated by a # symbol following the signal or points number quoted in the PROTECTION LIMITS.

AMENDMENTS TO OPERATING PUBLICATIONS – Continued**NOTICES & AMENDMENTS BY LINE OF ROUTE CODE****SW100 WATERLOO TO CLAPHAM JUNCTION/LINFORD STREET****LAMBETH ROAD STRUCTURE 1/A13 – DISTRACTION NOTICE**

**FROM 00:01 HOURS SUNDAY 23rd NOVEMBER 2025 UNTIL 23:59 HOURS TUESDAY
25TH JANUARY 2026**

As part of the upcoming repair works taking place on Lambeth Road structure (located at 0m1080y on the BML1 line) there will be a number of changes in the surroundings over the upcoming months. From 00:01 on Sunday 23rd November, for the first phase of repair works there will be paint removal and water jetting taking place on the structure. This will result in mist and dust being produced which may be visible to drivers when passing over the structure so prior notice is being provided.

Scaffold will also be used to access the structure from Lambeth Road below, however this scaffold will not be visible above the parapet wall. There will also be no impact to signal sighting as a result of this work.
